#### Michigan's Greatest Wonder.

The greatest curiosity and the most beautiful structure in the known world, can be seen in Perryburg, next door to postoffice, Tuesday, Oct. 28. It rivals the celebrated Strasburg clock and must be seen to be appreciated. The Toledo Home Journal in speaking of Prof. Charles, says:

Adrain has a man who is truly a genius as a musician, in the person of Prof. C. E. Charles. We were told of this gentleman and looked him up and found him very pleasant and genial and looked over what he terms his golden temple of art and music. This is beyond doubt the most wonderful instrument in the world. It is well worth one's time and the small admission fee to see it. In the Professor the people of Adrain have truly a mechanical genius and a musician.

Don't fail to see this wonderful piece of mechanism. The music produced by it is said to be equal to the finest grand organ, and should be seen by all. Ladies and children especially invited. Admission 10 cents.

#### FOR SALE.

A first-class Sewing Machine which will be sold cheap. The machine will be delivered at your house and the agent will give necessary instructions in operating. Call at JOURNAL office, soon.

It was intended that this party should be held on the occasion of Mr. Britton's birthday, which would not come around until November, but the parties fearing the weather would not be good at that time changed the date and came in a little ahead of time and had a most enjoyable party.

—Last Wednesday afternoon, Mr. Broke went into Kingsbury's grocery and his large Newfoundland dog followed him, but upon leaving the store the dog was left behind and being unable to get out, made a rush for the large window in which was arranged a fine display of crockery and glassware. The dishes jingled and danced around quiet lively as the old fellow knocked them over in his efforts to get out and follow his master. He was given an opportunity to escape through the door as soon as one of the clerks could open it. But few dishes were broken, although it is a great wonder there was not more damage done.

#### Gas and Oil at Haskins.

The village of Haskins is bound to have a boom. The discovery of gas in paying quantities, and the piping of the town for domestic use, and the recent developments in oil give reason to believe that the little town will soon be numbered with one of the boomers, and the next thing we expect to hear is that they have started a glass factory or two, an oil exchange opened up, and to clap the climax some big fool will start a newspaper there. Then the town will be fixed. But let her grow and boom all she wants. She has been a modest little village for many years and if she wants to expand and develop something rich, we will be glad to have her do so. The papers for the incorporation of the Haskins, Gas and Oil company were signed by the company Saturday last. The officers elected are: Frank Powell, president; P. J. Feagles, secretary and treasurer; W. B. Harley, superintendent. The board of directors include the above named officers and J. G. Watts, C. Parker, and A. A. Cobley.

Another well will be drilled in this week. At present they have about 30 stoves connected and much satisfaction is expressed concerning the service rendered. The capital stock of \$10,000 is all taken.

### Indigestion Constipation,

Is not only a distressing complaint, of itself, but the parent of many others of a much more serious character. It interferes with nutrition, impoverishes the blood, and weakens every function of the body. No more effective remedy for Indigestion can be procured than Ayer's Pills. They give permanent relief, by restoring to the assimilated organs their normal power, vitality, and action.

Henry C. Hemenway, Rockport, Mass., says: "Ayer's Pills have benefited me wonderfully. For months I suffered from indigestion and headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was regular and refreshing."

A. A. Wostenholme, Utica, N. Y., writes: "Whenever I am troubled with indigestion, I take one or two doses of Ayer's Pills and am promptly relieved."

"I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive to-day if it had not been for them. They cured me of dyspepsia when all other remedies failed."

"T. F. Bonner, Chester, Pa.  
Roland L. Larkin, Harlem, N. Y., certifies: "For a long time I was a victim to indigestion, nausea, dizziness, and heartburn. I took
